Secretary of State for India in Council, Certificate-holder, *versus* Sreemati Azmalenasa Begum, wife of Munshi Moazzam Hossain Chaudhury, of Nulchera, thana Hatia, district Noakhali, Certificate-debtor.

NOTICE is hereby given that, under rule 44 in Schedule II to the Bengal Public Demands Recovery Act, 1913, an order has been passed by me for the sale of the properties mentioned in the schedule below, in satisfaction of the claim of the Certificate-holder under the certificate, mentioned above, amounting, with costs, to the sum of Rs. 25,143-14-8.

The sale will be by public auction, and the property will be put up for sale in the lots specified in the schedule. The sale will be of the property, of the Certificate-debtor abovenamed, as mentioned in the schedule below. The special condition regarding lot No. 1 (the property in arrear) is that it will first be put up to auction subject to registered and notified incumbrances, and will be sold subject to those incumbrances if the sum bid is sufficient to liquidate the amount specified in the certificate, and costs, and that otherwise, it will, if Certificate-holder so desires, be sold on a subsequent day, of which due notice will be given, with power to annul all incumbrances.

In the absence of any order of postponement, the sale will be held by the Khas Certificate Officer at 12 A.M. on the 20th January 1919, at the Office of the Khas Certificate Officer, Noakhali. In the event, however, of the debt above specified, and the costs of the sale being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly authorized agent.

The sale proclamation issued on the 28th November 1918 fixing the 2nd January 1919 for the sale is hereby cancelled.

The following are the further

Conditions of sale :—

1. The particulars specified in the schedule below have been stated to the best of the information of the Certificate Officer, but the Certificate Officer will not be answerable for any error, mis-statement, or omission in this proclamation.

2. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction.

3. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided that it shall be in the discretion of the officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so.

4. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it, subject always to the provisions of rule 50 in Schedule II to the Bengal Public Demands Recovery Act, 1913.

5. The person declared to be the purchaser shall pay immediately after such declaration a deposit of 25 per cent. on the amount of his purchase-money to the officer conducting the sale, and in default of such deposit the property shall forthwith be put up again and resold.

6. The full amount of the purchase-money shall be paid by the purchaser before the office of the Certificate Officer closes on the fifteenth day after the sale of the property, exclusive of such day, or, if the fifteenth day be a Sunday or other holiday, then on the first office day after the fifteenth day.

7. In default of payment of the balance of the purchase-money within the period allowed, the property shall be resold after the issue of a fresh notification of sale. The deposit, after defraying the expenses of the sale, may, if the Certificate Officer thinks fit, be forfeited to the Government, and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold.

Given under the seal of the Court, this the 14th day of December 1918.

GIRJA BRUSHON GHOSHAL, Khas Certificate Officer.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries, Imperial Secretariat Buildings, Calcutta.

So far as appears from a search made at the office of the Registrar of Assurances at Calcutta, there are no encumbrances affecting the above premises except two subsisting mortgages in respect of the premises No. 149-A, Muktarani Babu's Street; one dated 6th day of

August 1916 to secure repayment of Rs. 20,000 with interest thereon at the rate of Rs. 7½ per cent. per annum with quarterly rests, but in case of regular payment of interest the same will be charged at the rate of Rs. 6½ per cent. per annum, and the other dated 28th day of August 1918 to secure repayment of Rs. 6,000 with interest thereon at the rate of 8 per cent. per annum with quarterly rests subject to the two attachments. On evidence it appears that the judgment-debtor Nirmal Chandra Dutt has paid interest on the mortgage for Rs. 20,000 in favour of Mr. K. S. Banerjee up to the 5th day of January 1919.

The sum for the recovery of which the sale has been ordered is Rs. 30,127-8 with interest thereon at the rate of 6 per cent. per annum from 30th day of August 1916 until realization, and the costs.

The conditions of sale may be seen at the office of the Sheriff of Calcutta on the ground-floor of the court-house on any day before the sale and will be produced at the sale.

THE Corporation of Calcutta are prepared, with the sanction of the Local Government and Government of India given under section 128 of Act IV (B.C.) of 1914 [The Calcutta Municipal (Loans) Act, 1914], to open Debenture Loans for Rs. 2,62,000 and Rs. 7,33,500, on the security of the rates, taxes and dues imposed and levied under the Calcutta Municipal Act, 1899.

(2) The debentures for the loan of Rs. 2,62,000 will have a currency of 17 years, commencing from 1st July 1919. The debentures of the loan of Rs. 7,33,500 will have a currency of 17 years, commencing from 1st January 1920. The rate of interest will be 5½ per cent. per annum for each loan, payable half-yearly on the 1st of January and the 1st of July.

(3) The debentures will be in the form prescribed by the Corporation with the sanction of the Local Government, under section 131 of Act IV of 1914.

(4) Debentures will be issued only for multiples of Rs. 100.

(5) Separate tenders for the whole or any part of the above two loans will be received by the Secretary to the Corporation, up to 12 noon (local time) on Saturday, the 13th September 1919.

(6) Each tender must be made out in the form relating to the particular loan annexed to this notification and enclosed in a sealed cover addressed to the Secretary to the Corporation, and superscribed—"Tender for Municipal Loans of 1919-20."

(7) Each tender must be accompanied by an earnest deposit in Government Promissory Notes, War Bonds, Calcutta Municipal or Port Trust Debentures, Currency Notes or Cheques, for not less than 3 per cent. of the amount tendered.

(8). (a) When a tender in respect of the loan of Rs. 2,62,000 is accepted, the earnest deposit in currency notes or cheques will be held as a payment in part of the amount tendered, and the tenderer will receive interest at 5½ per cent. per annum on the face value of debentures covered thereby from the date of acceptance of the tender up to the 31st December 1919, provided that the balance is paid up on the 22nd September 1919, as prescribed in paragraph 11 below; but no debenture will issue for the amount of the earnest deposit so long as the entire amount of the tender is not paid. The tenderer will similarly receive interest on the amount of balance paid on the 22nd September, from that date up to the 31st December 1919, and interest on the debentures will run from the 1st January 1920.

(b) When a tender in respect of the loan of Rs. 7,33,500 is accepted, the earnest deposit, when made in currency notes or cheques, will be held as a payment in part of the amount tendered, and will bear interest at the rate of 5½ per cent. per annum from the date of acceptance of the tender, provided that the balance is paid up on the 22nd September 1919, as prescribed in paragraph 11 below; but no debenture will issue for the amount of the earnest deposit so long as the entire amount of the tender is not paid.

(9) The earnest deposits on tenders which may not be accepted will be returned on application, and no interest will be payable on such deposits. If an allotment after being made is not taken up, or the full amount allotted is not paid as hereinafter prescribed, the earnest deposit shall be forfeited.

(10) The rate at which a tender is made must be specified in rupees, or rupees and annas; but not in any fraction of an anna. If a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna. A tender in which the rate is not specified in rupees, or rupees and annas, will be rejected as null and void.

(11) The whole amount of each allotment, less the amount of earnest deposits in currency notes or cheques, will be payable in the Bank of Bengal on the 22nd September 1919, and will bear interest from that date.

(12) Tenders will be opened by the Finance Special Committee of the Corporation at 12 noon on Saturday, the 13th September 1919, at the Municipal Office.

6. **Purpose of Supply.**—Unless herein otherwise expressly provided energy shall be supplied under this license only—

I. For power—

- (a) To other licensees for their own purposes and in bulk.
- (i) To general consumers and to railways previously approved by Government, provided that the licensees shall not be compelled to supply any such consumer or railway as aforesaid unless such consumer or railway, as the case may be, shall require not less than 500,000 units per annum, such amount being the *bona fide* average computed annual consumption of such consumer or railway.

Provided that in regard to supply under sub-section (a) of this clause the licensees shall not be under obligation to supply energy in bulk to other licensees for the purpose of enabling such other licensees to supply any consumer requiring more than 500,000 units per annum calculated as aforesaid.

II. For lighting—

The energy supplied under this license to any consumer for power may be used by such consumer for lighting his premises. When energy for lighting is supplied separately to consumers or undertakers not requiring power, the licensees shall not be under obligation to supply such energy to consumers requiring less than 250,000 units per annum.

7. **Works and System of Supply.**—The system which may be adopted for the supply of electrical energy under this license are the following :—

(IV) Extra high pressure alternating current three phase aerial transmission lines at a pressure not exceeding 60,000 volts between phases and at a frequency of 50 complete periods per second for connecting the generating station with the several Receiving Stations to be situated within the same area, the neutral of the generators and/or transformers being, with the approval of Government and the concurrence of the Telegraph Authority, connected to earth.

Provided always that it shall be lawful for Government from time to time to authorise other systems to be adopted for the purposes of this license.

The mains and distributing mains and service lines within the area of supply shall either be underground or aerial lines, provided always that nothing in this license shall be deemed to empower the licensees to place aerial lines including the aerial lines mentioned in sub-clause (IV) of this clause along or across any street unless and until Government, after consulting the local authority, has communicated to the licensees a general approval in writing of the position and methods of construction of such lines.

8. **Power to break up Private Streets, Railways and Tramways.**—In pursuance of the provisions of section 12, sub-section (1) of the Act the licensees are hereby specially for the purpose of this license authorised to break up streets within the area of supply not repairable by Government or by a local authority, and also such parts of railways and tramways within the area of supply as are used as level crossings, or as run along highways (on the level).

9. **Maximum Charges.**—The prices to be charged by the licensees for energy supplied by them to any consumer shall not exceed the following or, in the case of a method of charge approved by Government in accordance with clause X of the Schedule to the Act, such maxima as the Government shall fix on approving the method. Nevertheless the licensees may (subject to the provisions of section 23 of the Act) enter into special contracts for the supply of energy.

For the purposes of this clause the expression unit shall mean the energy contained in a current of 1,000 amperes flowing under an electro-motive force of one volt during the hour.

Section 1.

For Lighting and Power purposes :—

At the rate of 2 annas per unit.

Section 2.

When the licensees charge any consumer by the electrical quantity contained to the supply given to him they shall be entitled to charge him according to the rate set forth above, the amount of energy supplied to him being taken to be the product of that electrical quantity and the declared pressure at the consumers' terminals, that is to say, such a constant pressure at the terminals as may be declared by the licensees under the regulations of the Local Government or of the Governor-General in Council.

Section 3.

Special "Flat Rate" contracts for supply of energy for power purposes may be entered into with mining companies requiring not less than 300,000 units per quarter a year, or with other consumers capable of being supplied under clause 6, sub-section (1), requiring not less than the same amount and having equally favourable conditions as to load factor, at a rate not exceeding 1·5 annas per unit; provided that in regard to supply to other licensees in bulk under clause 6, sub-section (1), (a), the licensee may, in contracts of the nature referred to in this section, charge a different rate for energy supplied for purposes of re-sale, so that such does not exceed the maximum charge above stated.

There shall be no obligation upon the licensees to enter into contracts of the nature referred to in this section for any period less than five years.

10. **Purchase of Undertaking.**—(1) The option of purchasing the undertaking accorded to Government by section 7 of the Act shall be exercisable at the end of the period of 42 years computed from the commencement of this license, and at the end of every subsequent period of 10 years during the subsistence of this license. The percentage of the value to be determined in accordance with and for the purpose of section 7 (1) of the Act of the lands, buildings, works, materials and plant of the licensees to be added under the second proviso of that sub-section to such value on account of compulsory purchase shall be 20 per cent.

(2) In accordance with section 3, sub-section (2), clause 10 (ii) of the Act it is hereby declared that the generating station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or 7.

11. **Transfer.**—At any time after the commencement of this license the licensees may transfer the whole of their undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensees) to a Company to be formed and registered in Bengal in accordance with the law in force in British India or in England under the English Companies Act, having authority to take over the said undertaking and to exercise the powers and perform the obligations given to or imposed upon the licensees under this license and the Act and Rules made under the Act, and on such transfer the rights, powers and authorities, obligations and liabilities of the licensees shall be transferred to and shall be exercised by and shall attach to such Company to be formed as aforesaid.

12. The provisions contained in clauses 8, 9, 10 and 13 of the Schedule to the Act shall not be deemed to be incorporated in and form part of this license, and the other provisions of the Schedule shall only be deemed to be incorporated in this license so far as they are not inconsistent with its terms.

Dated this 1st day of September one thousand nine hundred and nineteen.

PUBLIC WORKS DEPARTMENT, BENGAL.**DISTRICT ROAD FUND.**

Notification dated 25th September 1919.—The subjoined abstract of the annual report and accounts of the district road committee of the Darjeeling district for the year 1918-19, together with the remarks of the Commissioner of the Rajshahi Division thereon, is published for general information.

G. P. WALSH,

Secy. to the Govt. of Bengal.

Extract from letter No. 382P.W., dated the 18th July 1919, from J. T. RANKIN, ESQ., I.C.S., Officiating Commissioner of the Rajshahi Division, to the Secretary to the Government of Bengal, Public Works Department.

2. The chief feature of the year's working is that a District Engineer and two road sarkars were appointed, though in the latter part of the year.

3. During the year under report the receipts rose by Rs. 4,022. The expenditure also increased from Rs. 52,865 to Rs. 58,363. The committee's resources were not, however, fully utilised and consequently the closing balance in 1917-18, which was as high as Rs. 81,698, has been further increased to Rs. 1,00,865 during the year under report. It is hoped that during 1919-20 there will be a great reduction in the closing balance. The committee expended a sum of Rs. 7,311 in repayment of loans from Government, viz., Rs. 6,689 principal, and Rs. 622 interest. The expenditure on civil works increased by about Rs. 5,664, the increase being largely shared by original works and establishment and contingencies. With the appointment of a full subordinate engineering staff, it is expected that substantial improvement in communication will be made.

4. The contribution received from Government during 1918-19 was less than that of 1917-18 (Rs. 7,538 against Rs. 9,665), but the contribution from the Darjeeling Improvement fund rose from Rs. 7,194 to Rs. 8,830. This increase is due to the increased expenditure incurred by the appointment of a District Engineer and his peon, etc., at the joint expense of the Road and Darjeeling Improvement funds.

6. The number of meetings held by the District Road Committee, Kurseong branch committee and Terai branch committee was 8, 4 and 7 against 7, 4 and 8.

7. The work of the district committee and that of branch committees were performed satisfactorily.

Abstract of the Report by the Chairman, District Road Committee of Darjeeling, on the operations of the District Road Fund of the district for the year 1918-19.

[Vide letter No. 92R.F., dated the 30th June 1919, from J. A. L. Swan, Esq., Chairman of the District Road Committee, Darjeeling, to the Commissioner of the Rajshahi Division.]

1. Working of the Committee.—

(a) **District Road Committee.**—There were 18 members of the committee—6 official and 12 non-official. Eight meetings were held during the year. The average attendance was 9·37 or 52·8 per cent. at a meeting.

(b) **Kurseong Branch Road Committee.**—The total number of members of this branch committee was 9—3 official and 6 non-official. Four meetings were held during the year. The average attendance was 3·75 or 41·66 per cent. at a meeting.

(c) **Terai Branch Committee.**—There were 15 members of this branch committee—2 official and 13 non-official. Seven meetings were held during the year. The average attendance was 6·14 or 40·95 per cent. at a meeting.

2. The year opened with a cash balance of Rs. 73,574-5-3 and an outstanding advance of Rs. 8,123-11-3, making a total of Rs. 81,698-0-6. This amount together with receipts of Rs. 77,529-15-7 or a total amount of Rs. 1,59,228-0-1 was available for expenditure during the year. The actual expenditure during the year was Rs. 58,363-6-1 excluding the unadjusted advance of Rs. 6,677-10-9. The actual cash balance on the 31st March 1919 was Rs. 94,186-15-3. The closing balance of Rs. 1,00,864-10 including the unadjusted advance of Rs. 6,677-10-9 exceeds one quarter's kist of the annual receipts. Portion of this unadjusted sum was expended, but no accounts having been received within the year it could not be adjusted. The closing balance is, however, expected to be reduced to its normal proportion on the appointment of the proposed District Engineer's staff.

Receipts.

3. **Provincial Rates.**—The road cess was levied by the committee at the maximum rate of six pies in the rupee. Rupees 61,051-15-8 was collected under the head "Cess on lands" during the year against Rs. 56,624-8 in the previous year. The increase is due to the revaluation.

4. **Miscellaneous.**—A sum of Rs. 59-12-6 was credited under this head on account of sale proceeds of certain old materials of bridges and fees and fines due to revaluation works.

5. Contribution.—

(a) **Grant of Government.**—A sum of Rs. 7,537-11-10 was received from Government including Rs. 6,718 on account of augmentation of resources of the committee, against Rs. 9,664-14-11 of the preceding year. The decrease is mainly due to the less amount being credited on account of $1\frac{1}{2}$ per cent. collection from Government estates for the quarter ending in March 1918.

(b) **Contribution from Darjeeling Improvement Fund.**—A contribution of Rs. 8,830-7-7 was received under this head towards communications and its share, as usual, of the cost of the joint cess and tanzi establishment and for Darjeeling Improvement Fund works against Rs. 7,194-2-9 in the previous year. The increase is due to the increased expenditure incurred for the appointment of a District Engineer and his peons, etc., at the joint expenses of the Road and Darjeeling Improvement funds.

(c) **Contribution from private bodies and other sources.**—A sum of Rs. 50 was received from the Darjeeling municipality during the year on account of collection of location rent.

Expenditure.

COMMUNICATION.

6. **Original Works.**—Rupees 3,536-14 was charged under this head on account of erecting the Mooni bridge on road No. 41.

7. **Repairs.**—The sum of Rs. 28,859-3-3 as per details below was spent for repairs to roads and bridges against Rs. 28,515-11-2 in the previous year. The slight increase requires no explanation :—

All the works in the hills and most of those in the Terai were, as usual, executed by the members of the committees and by the managers of tea gardens and other private gentlemen, for which the thanks of the committee are due to them. The important road ~~and~~ bridges were maintained by the Public Works Department as heretofore at the cost of the Road fund. A sum of Rs. 3,520-14-8 including travelling allowances and contingencies of 10·8 per cent. of the total outlay on works under the head “45—Civil Works” was spent for the entertainment of the establishment as referred to above. Deducting the contribution of Rs. 1,626-7-7 made by the Darjeeling Improvement Fund towards their works done by the Road Fund, Public Works establishment the above outlay actually works out to Rs. 1,894-7-1 or 5·84 per cent.
